- Great T/A
- Morganna is a great TA. Enthusiastic and informed.
- A decent TA but could have made the section time more focused on the quizzes. Was not completely clear in her instruction.
- Morganna is a GREAT TA!!! By far one of the most effective TA's on this campus. I would definitely recommend taking a class with her teaching. She explains the material very well and gets into depth with each of her lectures. I would definitely give her 5 stars for her ability to explain the material.
- Very helpful, sweet, and approachable TA. She understands the material really well, so I usually go to her during office hours to clarify concepts that I'm still confused about after lectures. Would love to have her as my TA again. Her teaching style/methods really works well. Thanks Morganna!
- Try to manage class time a little better. Also, please do a quick review of the past week's quiz. Other than that, you are an exceptional TA!
- Clear and informative TA
- Morganna was an awesome T.A. She always provided us with a comprehensive review before each quiz. In office hours she did everything she could to accommodate me and another fellow student in the same sitting, I greatly appreciate all of her help throughout the course

- One of the best Teacher Assistant I have ever had. Does a great job and will be a great professor
- Morganna was an excellent TA. She made the material very understandable because if it wasn't for her i would be somewhat lost in the material. I like how she clarified questions until we understood, and if sometimes she felt she did not clarified things for us the next discussion class she made sure that we did understand the material by clarifying it more. I also felt encourage to ask questions when i had any. She engage student to participate which is important to me because it helped me understand the material even more by doing small activities. I also appreciated that she gave a lot of feedback in our essay to improve in the other essay, so overall she is a great TA.
- She clarified the material ten times better than the professor. Gives clear and understanding exmaples of the material. Overral I enjoyed having her as a teacher assistant.
- Really enthusiastic about the subject!
- Very approachable, understanding, supportive, and intelligent...she knows her material and is thus helpful to her students
- one of the best Philosophy TAs I've had

- She's really nice, and a fair grader. Wish all my TAs were like this.
- really good TA, very understandable, created a good classroom environment, allowed us to participate and gave us good feedback , helped before tests and on essay assignment ,was overall pretty good
- There were usually awkward pauses, and several gaps of lecture time that I felt could have been used to review essential key concepts on lectures prior or in future lectures throughout the week. I wanted to focus on how the professor analyzed the interpretations of the authors of the reader, not find myself constantly guessing in class or seeing my classmates fail at attempting to do so.
- Morganna explained class material well and answered questions thoroughly. I loved going to her office hours because she was extremely helpful when I had questions about essays or test.
- Very helpful and always available during office hours.

Question # 20: YOUR CONSTRUCTIVE COMMENTS ON YOUR TA'S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- You were well spoken and discussed in detail what the professor brought up in lecture. You were willing to answer any question we had no matter how stupid or strange it sounded. I felt comfortable enough in your discussion section to admit when I didn't understand something or needed something said in a different way. Several times you brought up certain points in the reading that I had overlooked and they turned out to be crucial to the design of the course. After a while I became used to looking for specific ideas in the reading so that I was better prepared for lecture. Thanks for a terrific fall quarter.
- this class was early in the morning but Morganna was always awake and excited to teach. She is passionate about the subject and was helpful with our outside assignments and with understanding the lecture material even further. she also helped with test review and gave good study techniques for the tests.
- TA was indeed very helpful when it came to clearing up unclear and difficult concepts for students and she did a good job of giving any possible help to the students. TA's attitude toward the course material and the discussion class helped make the class more interesting and less difficult. Overall, TA was of great help and very effective as a TA.
- Very effective in helping me grasp the material!
- Explained the topics from class further to help understand them better. She was of great help when understanding certain topics of the course.
- Your discussions about the theorist and themes were very helpful during the course of this class.
- Morganna Lambeth was easy to understand. She clarified all the lectures and summarized them and went over examples. It helped me remember the important things from the lecture. Her feedback was informative and helped a lot. She was very easy to approach and friendly to talk to. It was great being in her section, even though it was so early in the morning! She was energetic!
- Was very helpful with the readings and made the readings make more sense. Over all a very helpful TA and always encouraged to ask questions and participate in class. The reviews were very helpful and always made the material much more understandable before the midterms. Enjoyed the discussions and made me want to go to every one.

- awesome TA
- Morganna is very helpful in all aspects of the class. I noticed she attends pretty much every lecture and takes notes which enhances the material she goes over in discussion and better correlates with the professor's examples and illustrations. She is always organized with notes for discussion and encourages participation with diverse activities (not just lecturing). She always provides very helpful comments to our essays and I feel she goes above and beyond with her time and dedication to her students. She shares helpful ways to compare/contrast the various authors we discussed so we do not get their ideas mixed up. She is always friendly and seems to enjoy helping us learn and retain the information. It is evident that she thoroughly knows the material because she always answers our questions in class as well as answers e-mails in a timely fashion. Furthermore, when the professor goes over a more difficult reading, she makes sure to go over it more thoroughly in discussion to ensure that we understand the material.
